

## **Bowling on the Green:**

### ***You'll need:***

- Five empty tin cans, washed, lids and labels removed
- Popsicle sticks
- Construction paper
- Tempera paint and brushes
- Duct tape or sidewalk chalk
- Three balls that will fit inside the cans

### ***Set up and play:***

- Decorate the cans with paper and/or paint.
- Place the cans on their sides in a row on the ground with the open end toward the player. Push a Popsicle stick partway into the ground on either side of each can to prevent rolling.
- Mark a line on the ground about 10 feet in front of the cans using duct tape or sidewalk chalk.
- Players stand behind the line and roll the three balls into the cans. One or two balls (you decide) in a can wins a prize!
