

## **Ring Toss:**

### ***You'll need:***

- 2 or 3 pegs (you can use sturdy sticks, wooden dowels or pieces of PVC pipe about 12 inches long)
- Hammer or mallet
- Three stiff rope or plastic rings at least twice as big as the stick, dowel or pipe
- Duct tape or sidewalk chalk

### ***Set up and play:***

- Pound the pegs into the ground about a foot apart. Leave about 8 inches above the ground.
- Mark a line on the ground about 10 feet away using duct tape or sidewalk chalk.
- Players toss the rings from behind this line to "ring the peg." Two out of three ringers wins a prize.
