

Tennis Ball Bounce:

You'll need:

- Three large flowerpots
- Three tennis balls
- Duct tape or sidewalk chalk

Set up and play:

- Line up the pots one behind the other with several inches in between each pot.
- Mark a line on the ground about 10 feet from the closest pot using duct tape or sidewalk chalk.
- Players try to bounce the three balls so they land and stay in a pot. One or two in a pot (you decide) wins a prize.
